

# Maintenance and Logistics Calendar

**The M & L Calendar is a list of meetings, conferences and symposiums of possible special interest to depot maintenance and logistics community.**

- |                |   |
|----------------|---|
| Jul 14-17 2003 | U.S. Navy & Industry: “13th Annual U.S. Navy & Industry Corrosion Technology Exchange”, Louisville, KY; <a href="http://www.cte-online.org">http://www.cte-online.org</a> |
| Jul 20-23 2003 | Joint Propulsion Conference, "The Next Century of Powered Flight“, Huntsville, AL; <a href="http://www.aiaa.org">http://www.aiaa.org</a>                                  |
| Sep 8-11 2003  | Joint DoD/FAA/NASA Conference on Aging Aircraft, New Orleans, LA; <a href="http://www.agingaircraft.utcd Dayton.com">http://www.agingaircraft.utcd Dayton.com</a>         |
| Sep 22-25 2003 | AUTOTESTCON 2003, Systems Readiness Technology Conference, Anaheim, CA; <a href="http://www.autotestcon.com">http://www.autotestcon.com</a>                               |
| Sep 28-Oct 2   | 2003 IPC Annual Meeting, Minneapolis Convention Center, MN; <a href="http://www.ipc.org">http://www.ipc.org</a>   |
| Nov 4-6 2003   | JTEG Meeting; Composite Manufacturing & Repair, Oklahoma City Air Logistics Center; Steve Siens   |
| Feb 24-26 2004 | APEX Exhibition Conference, Anaheim, CA   |

# **JTEG Projects Update**

- **Nearly 800 Active and Closed JTEG Projects**
- **This update cycle, 11 projects were closed**
  - Catalytic Extraction Process
  - Direct-To-Metal (DTM Primer less Topcoat)
  - Industrial Wastewater Reduction Project at NADEP Cherry Point
  - Lead and Antimony Free Solid Film Lubricants
  - Non-ODC Oxygen Line Cleaning
  - Oxygen Gauge Cleaning with HFEs
  - Paint Carrier Agent Formulations Based on Lactate Esters
  - Plasma Arc Destructive of Hazardous Materials
  - Soy Gel for Cleaning and Depainting
  - Supercritical CO<sub>2</sub> Spray Coating Application
  - Cadmium Alternatives Line Cleaning
- **No New Proposed Projects for JTEG. Proposed projects for JTEG Tracking will be discussed in Principal's Meeting.**

# Active JTEG Projects Update

- ADSIL Anti-Corrosion Coating (AD30)
- Aircraft Appliqué
- Cleaning Formulations Based on Lactate Esters
- Erosion Resistant Coating for Gas Turbine Engine Blades
- Flash Jet Coating Removal System
- Laser Cladding
- Next Generation Transparency Program (NGT)
- Paint Stripping with Lactate Esters
- PMB Closed Loop Recycling Project at NADEP Cherry Point
- Rapid Prototype Manufacturing (RPM)
- Replacement of Hard Chrome Plating Using Advanced Thermal Spray and PVD Techniques
- Two Bay Large Aircraft Advanced Corrosion Control Facility
- Wastewater Solids Recycling (Biosolids)
- Sol Gel For Adhesive Bonding
- Bio-Based Hydraulic Fluids

# Active JTEG Projects

- **NEED POC FOR FOLLOW-UP ON PROJECTS:**
  - Corrosion Preventive Compound for Avionics
  - Damage and Water Assessment
  - Depainting Manipulator
  - Hazardous Material Encapsulation Technology
  - Laser Precision Metal Deposition
  - Paint Booth Improvements With Bio-Filtration Technology
  - Portable Laser Coating Removal System
